

# EZ Flush® Retrofit Kit 12-Unit Display

Remove the handle. Go touchless.

Upgrade to touchless in minutes.

This intuitive display helps customers pick up Zurn products at your counter.

There is no need to find more shelf space or rework your planograms since this display requires minimum square footage and takes minutes to set up.

New orders and replenishments can be placed through your local Zurn Rep. Please contact your rep to discuss pricing and to learn more about this merchandising opportunity.
