

# Top Mount Sensor Flush Valves With Hydropower

Low Maintenance, Greater Sustainability

Upgrade your restrooms with flush valves featuring a solenoid-free, gear-driven cartridge and hydropower that's engineered to last the life of your commercial restroom. The ceramic cartridge is less susceptible to debris and buildup for low maintenance, while the water flowing through the flush valve generates and stores renewable hydropower with no interruptions during use.

## Reliable, Sustainable Performance

Hydro•X Power® technology delivers reliable, sustainable performance by providing renewable, uninterrupted hydropower for no unplanned downtime.

## Low Maintenance

Uses EZ Gear technology, a solenoid-free, gear-driven ceramic cartridge that is less susceptible to debris and buildup for less maintenance. It outlasts and outperforms solenoids.

## Industry-leading Diaphragm

Triple-filtered AquaVantage® diaphragm, gaskets and seals are made of chemical-resistant thermoplastic elastomer, which lasts 8-10 times longer than traditional rubber.

## Sensor Activated

Automatic, touchless sensor activation reduces guest visits without a flush and can help reduce germ transmission.

## On-demand Flushing

A discreetly positioned true mechanical manual override button enables users to flush on demand.

## Standard 24-hour Line Flushing

Optional setting helps minimize stagnation and maintain fixture trap seals to protect against sewer gases during periods of inactivity.

# Top Mount Sensor Flush Valves With Hydropower

## Dependable Operation

Hydro•X Power series flush valves provide reliable, hands-free operation. No hard wiring or battery replacement is required, which means lower installation and maintenance costs. The gear-driven flush valve features a clog-resistant, triple-filtered diaphragm that withstands even harsh water conditions. Sensor activation supports a more hygienic environment by eliminating touch points. Pair with Hydro•X Power faucets to maximize sustainable restroom goals.

## Paired Performance With Zurn One Systems®

Zurn One Systems combine complementary products, including flush valves, faucets, and fixtures to create seamless paired performance for easy maintenance, highest uptime, and lowest total cost of ownership.

### Water Closet - Z.WC1.S.HYD

- Z5615 EcoVantage® elongated, wall-hung vitreous china water closet with matching seat, retrofit nuts and gasket kits
- 1.1 gpf ZER6000AV-ONE-HYD flush valve
- Z1201 or Z1202 EZCarry® 500 lbs. load rated high-efficiency carrier

### Urinal - Z.UR.1.S.HYD

- Z5755-U EcoVantage Omni-Flo® urinal with top spud
- 0.125 gpf ZER6003AV-ULF-HYD flush valve
- Universal hanger bracket, urinal flange and dome strainer

## Flow Rate Options

WATER CLOSETS	GPF
ZER6000AV-ONE-HYD*	1.1
ZER6000AV-HET-HYD*	1.28
ZER6000AV-HET-DF-HYD*	1.28/1.1
ZER6000AV-WS1-HYD	1.6
ZER6000AV-WS1-DF-HYD	1.6/1.1
ZER6000AV-HYD	3.5

## Flow Rate Options
